

Product Code

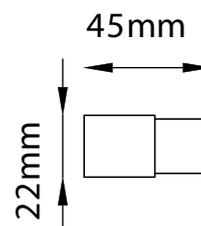

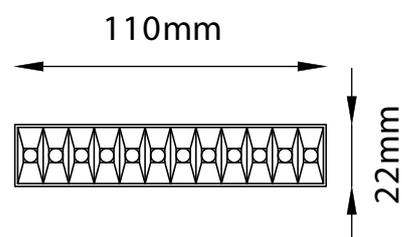

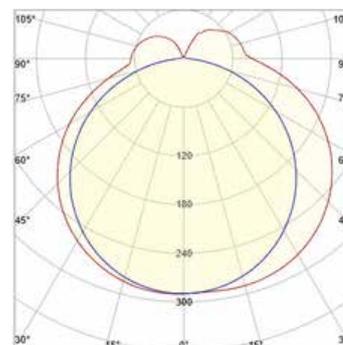

VR130-1

Product Description

A magnetic track lighting module with a linear optical structure, creating precise and controlled illumination on surfaces. It is used for wall washing and architectural surface highlighting in contemporary interiors.

Specifications

Watt	6W
Luminous Flux	720Lm
Dimensions	110x22x45
Constant Voltage	48V
CRI	90
IP Class	20
Light Angle	24°
Color Temperature	3000K / 4000K / 6500K
Case Color	RAL (Colors)

Light Distribution

Aluminium Injection Body

Electrostatic Powder Coated

Compatible Driver with DALI
