

Product Code

VR131-1

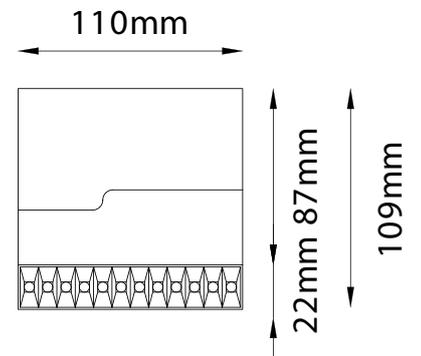

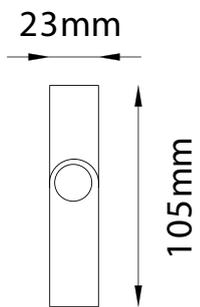

Product Description

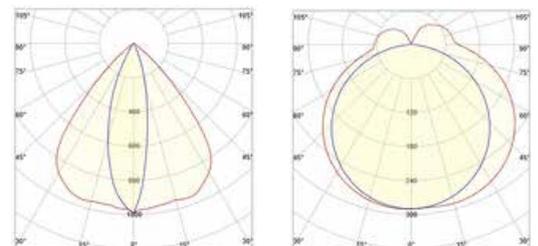

A magnetic track module with adjustable optics, Delivering directional and sharp illumination. It is designed for accent lighting and focus-oriented commercial and architectural spaces.

Specifications

Watt	6W
Luminous Flux	720Lm
Dimensions	110x23x105
Constant Voltage	48V
CRI	90
IP Class	20
Light Angle	24° - 120°
Color Temperature	3000K / 4000K / 6500K
Case Color	RAL (Colors)

Light Distribution

Aluminium Injection Body

Electrostatic Powder Coated

Compatible Driver with DALI
