

**Product Code**

# VR133-1

**Product Description**

A compact magnetic spotlight module developed for magnetic track systems, providing controlled illumination. It offers flexible use in display areas and detail lighting applications.

**Specifications**

Watt	6W	7W
Luminous Flux	720Lm	840Lm
Dimensions	35x80mm	35x80mm
Constant Voltage	48V	48V
CRI	80	90
IP Class	20	20

Light Angle	15° - 24° - 36° - 60°
-------------	-----------------------

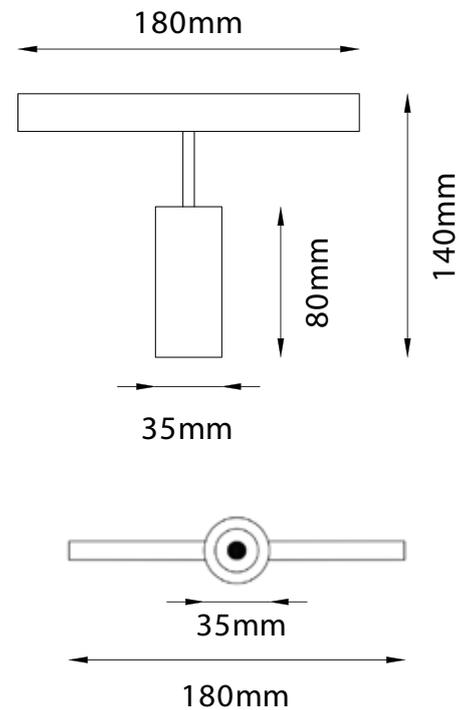

Color Temperature	3000K / 4000K / 6500K
-------------------	-----------------------

Case Color	RAL (Colors)
------------	--------------

Aluminium Injection Body

Electrostatic Powder Coated

Compatible Driver with DALI

**Light Distribution**
